

Jennifer Lopez, In The Morning

If you love me
Say it in the morning
Not just in the evening
Only when you want my body
Want my body

Sweet little white lies
Your sweet little white lies
Leave a bad taste in my mouth
Your taste in my mouth
Black dress with white wine
Mess it up, watch it fall down
When you watch it fall down

You tell I'm a real one
I am the right one
But only when you're on one
You tell me that you need me
Wanna see me
But only when you want some, want some

If you love me
Say it in the morning
Not just in the evening
Only when you want my body
Want my body
