

Jenny Frost, Bad girl

Nananana...

Time, has come for me to get

Has come for me to get

My sweet revenge

And you, will wish you'd never met me

I am going to get

My sweet revenge

This, this is the last time, baby (Last time)

This is the last round, baby

I'm going to have my turn

And you will see that I'm a bad girl

This, this is the last time, baby (Last time)

This is the last round, baby

I'm going to have to my turn

And you will see that I'm a bad, bad girl

Nananana...

Try, that you will not forget me

You will not forget

The way it ends

And you, will wish you'd never met me

I am going to get

My sweet revenge (You wish you'd never met me)

This, this is the last time, baby (Last time)

This is the last round, baby

I'm going to have to my turn

And you will see that I'm a bad girl

This, this is the last time, baby (Last time)

This is the last round, baby

I'm going to have to my turn

And you will see that I'm a bad girl

(Time)

This, this is the last time, baby

(Has come for me to get)

This is the last round, baby

(Has come for me)

I'm going to have to my turn

And you will see that I'm a bad girl

(You)

This is the last time, baby

(You wish you'd never met)

This is the last round, baby

(Me)

I'm going to have to my turn

And you will see that I'm a bad, bad gir
