

# Jenny Lewis, Just One of the Guys

All our friends, they're gettin' on  
But the girls are still staying young.  
If I get caught being rude in a conversation  
With a child bride on her summer vacation.  
No matter how hard I try to be just one of the guys  
There's a little something inside that won't let me.  
No matter how hard I try to have an open mind  
There's a little voice inside that prevents me.  
how I live. it got me here  
Locked in this bathroom full of tears.  
And I have begged for you and I have borrowed  
But I been the only sister to my own sorrow  
No matter how hard I try to be just one of the guys  
There's a little something inside that won't let me.  
No matter how hard I try to have an open mind  
There's a little clock inside that keeps ticking  
There's only one difference between you and me  
When I look at myself, all I can see  
I'm just another lady without a baby  
No matter how hard I try to be just one of the guys  
There's a little something inside that won't let me.  
No matter how hard I try to have an open mind  
There's a little cop inside that prevents  
im not gonna break for you  
im not gonna pray for you  
im not gonna pay for you  
that's not what ladies do  
oh when you break  
when you break  
oh when you break  
oh when you break
