

# Jens Lekman, No Time For Breaking Up

This is no time for breaking up  
this is no time for breaking up  
this is no time  
no time for breaking up  
This is no time for breaking up  
this is no time for breaking up  
this is no time for breaking up  
this is no time for breaking up  
I knew this day was gonna come  
I've been keeping it inside for so long  
let's bare in mind  
how many people kill themself  
when the new years clocks strikes twelve  
honey spare me from hell  
cause this is no time for breaking up  
This is no time for breaking up  
this is no time for breaking up  
this is no time for breaking up  
I knew this day was gonna come  
I've been keeping it inside for so long  
let's bare in mind  
how many people kill themself  
when the new years clocks strikes twelve  
honey spare me from hell  
oh lover wont you spare me from hell  
oh lover wont you spare me from hell  
oh lover wont you spare me from hell  
cause this is no time for breaking up
