

Jenson, I Miss You

I did some things i shouldnt have done
Said some things that were wrong
Girl, i was just too scared to fall in love
I have to cuz of my complications
wore out all your patience
girl, i dont blame you for being fed up
but then it hit me all at once, when you left
just like a hundred thousand tons, in my chest
wishing this pain would go away, and leave me
but it gets worse, everyday, cuz babyyy
I cant let you go, I keep tryin but I cant girl
its impossible, i miss you too bad
I cant wish away the pain that i cannot do girl
and all i can say is... i miss you.
tryin to tell myself to move on, to grow up and be strong
girl, i keep thinkin bout those better days
so many things i wanna tell you
like how much i love you
but girl, cant believe you're really gone away
and then it hit me all at once, when you left
just like a hundred thousand tons, in my chest
wishing this pain would go away, and leave me
but it gets worse, everyday, cuz babyyy
I can't let you go, i keep tryin but i cant girl
its impossible, i miss you too bad
I cant wish away the pain that i cannot do girl
and all i can say is... i miss you.
Damn baby girl i miss you so much
wanna hear your voice, wanna feel your touch
wanna feel your heart beating next to mines
but i know that i cant just press rewind
if i could, then i would in an instant
promise that things would be so damn different
promise that i wouldnt be so distant
i cant believe that my best friends gone
without you, it just feel so wrong
what i would give to sing a different song
but your tellin me my chance is blown
all i can do now is just sit and dream
reminiscing on what might have been
wishing you would come back to me
but i know you just want me to set you free
I can't let you go, i keep tryin but i cant girl
its impossible, i miss you too bad
I cant wish away the pain that i cannot do girl
and all i can say is... i miss you.
