

Jeremiah Freed, How They All Got Here

You don't wanna know
how they all got here
and you don't wanna know
how to keep them away.

You don't wanna know,
how to keep them down.
You don't wanna know
cause you're not like me.

As they all walk by
I can feel the wind blow
as it changes my life,
I can tell that I'm no longer scared
and I have no fear at all

Did you think I would break
That is was too much to take
But I'm needing it more and more.
Did you think there was time,
to take what I thought was mine
But I need it more...
