

Jeremy Hills, What Is Good

We could have touch the sky
Even if we were a lie
You were on my mind
That girl makes me mad
How could i do now
To be what you want me to be

I know what is good for you
Know what is good for me
And i think you can tell
Your mind i'm not crazy!

I know what is good for you
Know what is good for me
And i think you can tell
Your mind i'm not...

I know what is good for you
Know what is good for me.

For me (x3)

I know what is good for you
Know what is good for me
And i think you can tell
Your mind i'm not crazy!

I know what is good for you
Know what is good for me
And i think you can tell
Your mind i'm not...

I know what is good (x7)

I know what is good for you
Know what is good for me
And i think you can tell
Your mind i'm not crazy!

I know what is good for you
Know what is good for me
And i think you can tell
Your mind i'm not crazy!

We could have touch the sky
Even if we were a lie
You were on my mind
That girl makes me mad
How could i do now
To be what you want me to be

I know what is good for you
Know what is good for me
And i think you can tell
Your mind i'm not crazy!

I know what is good for you
Know what is good for me
And i think you can tell
Your mind i'm not crazy!

I know what is good for you
Know what is good for me
And i think you can tell

Your mind i'm not crazy!
