

# Jeremy's, Lovesong

I wanna hear you say you love me  
I wanna make you take your clothes off and go wild  
Every time you need me I'll be there  
O yeah aha o

You make me feel like someone special  
You make me feel like someone else, you do, aha, yeah  
Every time you need me I'll be there  
O yeah aha o

I really need you to stay by my side  
Day and night, yes I do  
Write the stupid lovesongs cause of you
