

Jericho Jones, Don't You Let Me Down

Standin' here upon the ground
So many faces all around
And I'm as lonely as I can be
Need some help in company.

Don't you let me down
Don't you let me down
Don't you let me, don't you let me
Don't you let me down.

Mama let me all alone
Father walk away from home
And keep me tracin' up my mind
I'll keep on leavin' all behind.

So don't you let me down
So don't you let me down
Don't you let me, don't you let me
Don't you let me down.

So don't you let me down
Don't you let me down
Don't you let me, don't you let me
Don't you let me down.

Mornin' comes, I'm on my feet
Just walkin' on along the street
And always think that someone new
Never walk away with you.

So don't you let me down
Don't you let me down
Don't you let me, don't you let me
Don't you let me down.
