

Jerks Circle, Decption 101

If I can find the door
I'll crawl up through the floor
And when you beg for more
I'll leave you broken and dry

Won't tell if you won't
They won't see anything
The answers are so simple when you don't know everything

Break
Break it down and tell me why I break you down?
I break you down every time
Break
Break it down and tell me why I break you down?
I break you down every time

If I had my way
I'd do this everyday
The simple things in life are better anyway

But now I'm felling sick
And now my mind is sick
So now my mind is sick
No-one can save me now

Break
Break it down and tell me why I break you down?
I break you down every time
Break
Break it down and tell me why I break you down?
I break you down every time

I can do it
I can do it to you anytime
I can do it to you
Don't you want me?

Break
Break it down and tell me why I break you down?
I break you down every time
Break
Break it down and tell me why I break you down?

You, if I didn't know better
I'd say I loved this just as much as me
Can you tell me what's up?
Get up now get up

Come on and break me
Get up now get up
Come on and break me
Get up now get up
Get up now get up

(by the way the bands name is just "Jerk" who the hell said its jerks circle?)
