

# Jerks Circle, Wrong

you think that its easy  
you think that it hurts me  
you think you can hurt me  
i'd love you to try

and if you can find me  
and if you can see me  
and if you can show me  
i'd love you to try

its burning inside you  
i think you can argue  
it tears you apart and i can't help you  
where beauty is painful  
others? will burn you  
and they will always find you i can't hide you

i'd love you to try

your so fucking  
wrong wrong wrong  
wrong your so fucking wrong  
wrong wrong wrong  
wrong your so fucking wrong

you think that its easy  
you think that it hurts me  
you think you can hurt me!  
i'd love you to try

and if you can find me  
and if you can see me  
and if you can show me  
i'd love you to try

i'd love you to try

[chorus]

your so fucking wrong  
your so fucking

where all you have  
is all you know

[chorus]

your so fucking wrong  
your so fucking
