Jerks Circle, Wrong

you think that its easy
you think that it hurts me
you think you can hurt me
i'd love you to try

and if you can find me
and if you can see me
and if you can show me
i'd love you to try

its burning inside you
i think you can argue
it tears you apart and i can't help you
where beauty is painful
others? will burn you
and they will always find you i can't hide you

i'd love you to try

your so fucking
wrong wrong wrong
wrong your so fucking wrong
wrong wrong wrong
wrong your so fucking wrong

you think that its easy
you think that it hurts me
you think you can hurt me!
i'd love you to try

and if you can find me
and if you can see me
and if you can show me
i'd love you to try

i'd love you to try

[chorus]

your so fucking wrong
your so fucking

where all you have
is all you know

[chorus]

your so fucking wrong
your so fucking
