

# Jermaine Jackson, Words Into Action

I can't let you go tonight without a fight  
Oh you been sending love signs that feel so right  
When we move you talk of love I understand  
Oh baby there is no time like the first time  
I will hold you to the promises you made  
I know you'll be worth the wait  
When you're turning your words into action  
Letting your body do all the talking  
I wanna know how it feels  
When we love the first time  
When you're turning your words into action  
Letting your body do all the talking

Chorus

I can't let you go tonight but I know the way you feel  
I need real love  
I will hold you and the promises you've made

I know we can find the way

Chorus

I wanna know if this is the real thing

Yes I do baby  
Moving in time with you  
Oh won't you show me  
Living up to what you say  
Take my breath away

Chorus
