

# Jerry Cantrell, Vilified

Simulate the feel  
Of all that's true and real

Heya schadenfreude crescendo  
A.I. skew the innuendo  
Vilified, downward slide

I listen, I glisten  
I listen, I glisten

Oversized piston  
Driving home what isn't

Heya incommunicado  
A.I. as far as you go  
Vilified, downward slide

As if you don't know  
It's a hell of a show  
(Hungry right now)  
As if you don't know  
It's a hell of a show  
(Hungry right now)  
As if you don't know  
It's a hell of a show

Oh, my savior, our failure  
Oh, my savior, our failure

Heya data mine your halo  
A.I. knowing all that you show  
Vilified, downward slide  
Vilified, downward slide

As if you don't know  
It's a hell of a show  
(Hungry right now)  
As if you don't know  
It's a hell of a show  
(Hungry right now)  
As if you don't know  
It's a hell of a show  
(Hungry right now)  
As if you don't know  
It's a hell of a show
