Sunshine

Gonna take my time n walk up on your sexy little lady

Tryin to get me started

Work that body

Hurt me when you shake it

You got you got

What I want I want

And the way you flaunt it

Girl Im on it loving

This wonderful feeling

Is taking me over

Your sexual healing

Is pulling me closer

I just invited

Myself into your life

And now that I got it

Im gonna need it all the time

Sunshine

Girl I just need ya

Sunshine

I cant live without ya

Sunshine

Sunshine all of the time

Sunshine

Girl you got this down

Sunshine

Mama give me some

Sunshine

Of your sunshine all the time

Uh oh uh oh

Oh uh oh uh oh

Uh oh uh oh

Sunshine

Now put ya fingertips up to my lips

Cuz I just wanna taste ya

With my hands all up and down your hips

You know Im tryin to trace ya

You got you got

What I want I want

So let me have it

This addict just needs a fix

Girl its on tonight

This wonderful feeling

Is taking me over

Your sexual healing

Is pulling me closer

I just invited

Myself into your life

And now that I got it

Im gonna need it all the time

Sunshine

Girl I just need ya

Sunshine

I cant live without ya

Sunshine

Sunshine all of the time

Sunshine

Girl you got this down

Sunshine

Mama give me some

Sunshine

Of your sunshine all the time

I just cant let you go

Your bodys outta control

My heart is poundin like Im drownin when Im not with you

When I come up for air

I swear you answer my prayer Its cold and dark without your sunshine oh

This wonderful feeling

Is taking me over

Your sexual healing

Is pulling me closer

I just invited

Myself into your life

And now that I got it
