

# Jesse Powell, I Like

(Chorus)

I like the way that you move  
I like the things that you do  
My love for you is so strong  
I'll never leave you alone  
So don't take your love away from me

(Verse 1)

Baby, when I need some peace of mind I go to you  
Because you always find the time  
To make me feel brand new  
What I feel for you's so strong  
That you're all I need and all I want  
All day and all night long  
I like the way...

(Chorus)

(Verse 2)

See my baby, when I'm hungry for your love, you satisfy me  
And the smile that's in your heart tells me that you need me  
I would never do you wrong  
It's gotta be me for you and you for me  
You got it goin' on  
I like the way...

(Chorus x 2)

(Bridge)

Baby I like the way &I like the way you&gt;  
Promise me that you'll stay with me  
Listen to my song  
Never leave you alone, no, no, no  
Don't take your love away from me, I'll never do you wrong

(Chorus x 2)
