

Jesse Powell, I Will Be Loving You

Darlin, oh my darlin.

There's something that you should know,
That is I love you and all the things that you stand for.

Lady, oh my lady

Don't ever want you to go,
Because I need you to be with me for ever more
And you should know that our love, love will grow
Oh it pleases me just to say that we will forever be one

Chorus

Oh baby I will be loving you
I will be there for you
And I'll care for you, for as long as you are mine
Baby I will be loving you, I will be there for you,
And I'll swear to you till the end of all time

Sweetie, oh my sweetie

You know that you turn me on,
And as we lay here I'll keep you safe, I'll keep you warm
Sugar, oh my sugar
You know you're the one for me
You are my everything
I'll love you till eternity
That's how long we'll keep, keep love strong
Oh it pleases me just to say that we will go on and on and on and on and oooon

Baby I will be loving you

I will be there for you
And I'll care for you, for as long as you are mine
Baby I will be loving you, I will be there for you,
And I'll swear to you till the end of all time

There's no one that cares more about you

There's no one who loves you more
There's no man that would go the limit
Girl your love is worth dying for
There's no way I could live without you
Girl you know I'd go out of my mind
Say that You'll always be mine

Baby I will be loving you

Oh I will be there for you
And I'll care for you, for as long as you are mine
Baby oh baby oh baby I will be loving you yes I will
I will be there for you,
And I'll swear to you till the end of all time

Say I'll never mistreat you my darlin

No I'll never mistreat you my girl
I'd give anythin and everythin if
You would bring all your lovin inside my world
I just can't live without you baby
Girl you know it would drive me insane

Id be a lonely man, a crazy man, a better man

Girl my life would never be the same

Oh baby I will be loving you, yes I will

I will be there for you
And I'll care for you care for you baby
For as long as you are mine
