

Jesse Powell, Up & Down

(chorus 2 x's)

Up & Down
in & out
baby let me turn it out
upside down, round and round
this is how it's goin' down

(verse 1)

Baby let me tell you what's been on my mind
all the places I can hit it
startin' in my ride
or we can take it to your crib
& do it on the floor
(baby anywhere you want it)
Let me rub you up and down
and make you scream and moan
in the kitchen on the counter
by the telephone
or we can do it over here
or we can do it over there
baby anywhere you want it

(chorus 2 x's)

But if you turn on the shower
while were in the tub
I'll get your body soaking wet
& we can rub a dub
or we can take it to my crib
if water's what you like
(cause baby I've got a Ja'causezi)
I'll put on your favorite song
a sexy interlude
& there's a game that we can play
to really set the mood
you put your right foot in
your left foot out
& baby watch me turn it out

(chorus 2 x's)

May I ask why your clothes are still on?
oooh
Do you need a glass of Dom Perrion?
Let me turn it out until dawn
when the day breaks once again it's on
