

Jessi, Feel You

here i am
next to you
but you don't notice
how does it come that you don't know that i'm here
next to you

you'd never saw me
even if i'm in front of you
you are looking but not to me
it's like you are looking right true me
and you see that i love you

hey,lover why do you don't notice me??

Luv ya!
kiss,kiss
