

Jessica Andrews, I've Been Waiting For You

say Montana has a real big sky
And the Grand Canyon is deep and wide
Theres a whole lot of livin that I wanna do
But Id rather see the world from your point of view

[Chorus]

I didnt go to Memphis to see the king
Or ride the MississippI down to New Orleans
I couldve found someone to give my love to
But Ive been waiting for you
Ive got a little money stashed away
Just sittin on ready for a rainy day
Anticipating escaping with you
Doin all the crazy things that I didnt do

[Repeat Chorus]

Oh no I didnt wanna settle for
Just settlin down
I was lookin for the right one baby
And thats what Ive found

[Repeat Chorus]

Ive been waiting for you
