

Jessica Andrews, Why'd You Have To Go & Make

(wally wilson/sharon vaughn/tom shapiro)

There's moonlight on the trees
Paintin' silver on the leaves
It's so beautiful out here
I just had to stop and stare
That's unusual for me
I had a happy heart of stone
No voice to answer but my own
Now I want more from the night
Since you waltzed into my life
You couldn't leave well enough alone

Why out of all the people in this world
Why did you set your sights and single out this girl?
Oh, why did you have to go and make me love you?
Why'd you have to go and make me
Why'd you have to go and make me love you?

In an instant sweet and strange
Everything about me changed
Whether I want to or not

I come to you with all I've got
And I'll never be the same

Why out of all the people in this world
Why did you set your sights and single out this girl?
Oh, why did you have to go and make me love you?
Why'd you have to go and make me
Why'd you have to go and make me love you?
Tell me why
Why'd you have to go and make me
Why'd you have to go and make me love you?

Maybe this is just a dream
Or maybe this was meant to be
I just pinch myself and wonder why

Why out of all the people in this world
Why did you set your sights and single out this girl?
Oh, why did you have to go and make me love you?
Why'd you have to go and make me
Why'd you have to go and make me love you?
