

Jessica Andrews, Writing On The Wall

Boy I tried to write a letter
I just need to make things better
And I'm prayin' that you'll let me work this out
I tried to call you on your phone
And it seems your not at home
This is somethin' that we have to talk about
Here I am
Finally face to face
Here's what I'm trying to say

Chorus
What was I thinkin' baby
Should've seen the writing on the wall
Never thought you'd ever leave me
Now I know
What were you tryin' to tell me
Thought about everything you said
Ever since you walked away boy
Now I know

There's no other way to say it
Baby, please let's not delay it
Boy, I know you feel the same its in your eyes
Since you've gone my hearts been missin'
And I hope that you will listen
boy without you I wont make it one more night

Take me back
I was such a fool
I'm dying without you

(Chorus)

(Bridge)
I can't live my life without you
Everything said was true
I should have known it from the start
Now you own my heart
Now I know
Now I know
Doesn't matter what I do
I can't make it without you
(Chorus3x)
