Jessica Folker, Anywhere Is Paradise

Hey ahh

Some people got to live in a big city street So crowded and noisy they can't hear their heart beat Some need to stay in their own home town Others kinda, like to keep movin' around

But baby, I could live near or far Anywhere between here and some shooting star As long as I'm always where you are

'Cause anywhere is Paradise, when you're with the one you love Anywhere is a place that's nice, when you're with the one you dream of Anywhere is Paradise, when you're with a love that's true There's nowhere I'd rather be, baby, than anywhere with you

Some people want to be where the big money is Some want to be in Hollywood and showbiz Some got to be where they know what things mean others just want to be where they can be seen But baby, anywhere for me will do Anywhere between here and that far-off moon As long as I'm always there with you

'Cause anywhere is Paradise, when you're with the one you love Anywhere is a place that's nice, when you're with the one you dream of Anywhere is Paradise, when you're with a love that's true There's nowhere I'd rather be, baby, than anywhere with you

Your heart and mine go together, like hand and glove We've already found our forever, on earth as in heaven above So baby, anywhere will do for me 'Cause where ever in the world we'll ever be, we'll always be in the land of love

'Cause anywhere is Paradise, when you're with the one you love Anywhere is a place that's nice, when you're with the one you dream of Anywhere is Paradise, nothing could be more true There's nowhere I'd rather be, baby, than anywhere with you

Anywhere with you, anywhere with you... Anywhere with you Anywhere with you, anywhere with you...
