

# Jessica Folker, Private Eye

Tell me baby yeah...

If you like,  
what you see  
You better look,  
look at me

'Cause what I've got,  
is guaranteed  
To make you hot,  
or make you bleed

'Cause I believe,  
that you and me,  
was meant to be,  
eternally

I've got my eyes on you, baby  
You're driving me crazy, yeah  
Like a private eye, baby  
I'm watching you daily, yeah

Is it fantasy?  
Jealousy?  
Or is it real?  
Maybe x2

If you want,  
to be with me  
Then you better be,  
just with me

And if you cheat,  
cheat on me  
Then you better leave,  
better flee

I've got my eyes on you, baby  
You're driving me crazy, yeah  
Like a private eye, baby  
I'm watching you daily, yeah

Is it fantasy?  
Jealousy?  
Or is it real?  
Maybe x2

If you like,  
what you see  
Then your eyes better be,  
be on me

All right, come on, ohh, baby,  
all right, come on, ohh yeah x2  
If you wanna be with me

I've got my eyes on you, baby  
You're driving me crazy, yeah  
Like a private eye, baby  
I'm watching you daily, yeah

Is it fantasy?  
Jealousy?  
Or is it real?

Maybe x2

If you wanna be with me
