

# Jessica Folker, Wish I Were The One

We started with a fire, straight up from the heart  
Burnin' so bright, lighting up the night with desire  
From the very start could something so good be  
Something so right?  
Who knew you would fall for talkin'  
Believe in a stranger's words  
When rumors lead to walkin'  
Are all our bridges burned?

If you had a chance to forgive me  
If we could undo the things we've done  
Wish I were the one, wish I were the one  
You were leanin' on  
If you need a reason to believe me,  
look into your heart the way I've done  
Wish I were the one, wish I were the one  
You were leanin' on

I never saw it comin', caught me by surprise  
Just when we were rollin'  
You left me high and dry all alone  
Stumbling through the night  
Wonderin' what went wrong when it used to be so right  
I know that you got your reasons  
I know you believe those words  
I don't wanna see you leavin'  
Are all our bridges burned?

If you had a chance to forgive me  
If we could undo the things we've done  
Wish I were the one, wish I were the one  
You were leanin' on  
If you need a reason to believe me,  
look into your heart the way I've done  
Wish I were the one, wish I were the one  
You were leanin' on

When it all comes down to love  
(Still wish I were the one)  
After all is said and done

If you had a chance to forgive me  
If we could undo the things we've done  
Wish I were the one, wish I were the one  
You were leanin' on  
If you need a reason to believe me,  
look into your heart the way I've done  
Wish I were the one, wish I were the one  
You were leanin' on
