

Jessica Sutta feat. Paul Van Dyk, White Lies

Uh Oh..

Im being pulled into the fire of a toxic flame

Im too close

And theres a good chance that I wont get away

And I need it going into the daylight (...into the day)

And Im lookin for it into the night (...into the night)

And then I think about it

And I cant live without it

Youre tellin me that thats alright

Cant give it up

Cant get enough

When youre tellin me the

White lies champagne

Yeah its gettin rough

And i wanna to know

If Im addicted to your

White lies in vain

Dont go

I tell myself that Im not really hooked on you

But I know

If I stay then the use will become abuse

When Im trying hard to break the fever (...into the day)

And the medicine just wont take (...into the night)

And then I think about it

And I cant live without it

Youre tellin me that thats alright

Cant give it up

Cant get enough

When youre tellin me the

White lies champagne

Yeah its gettin rough

And i wanna to know

If Im addicted to your

White lies in vain
