

Jessie Ware, Freak Me Now (feat. Róisín Murphy)

Baby, keep heating me up
Oh, no, don't you go cool me down
Baby, keep heating me up
Oh, no, don't you go cool me down
Baby, keep heating me up
Oh, no, don't you go cool me down
Don't you go, cool me down
Uh-uh, freak me now!
What makes you wanna fly
Must be something 'bout tonight
That sparkle in my eye, you are a jewel baby
Ooh, baby, do what you do, baby
Come make a move baby
You know I want you
The way that he makes you wanna pack your case and leave tonight
I don't know what he does or doesn't do, but he can do it right
I don't care if it is tonight, I'll see you in the afterlife
Oh, yeah (oh, yeah)
Oh, yeah (oh, yeah)
Baby, keep heating me up
Oh, no, don't you go cool me down (don't cool me down)
Baby, keep heating me up
Oh, no, don't you go cool me down (freak me now)
Baby, keep heating me up
Oh, no, don't you go cool me down
Don't you go cool me down
Uh-uh, freak me now!
Strike if you're hot like fire
Put it in this gasoline
Let me know if you want that oochie-coochie or that in between
Tell me if you wanna love
You wanna touch, you wanna ahh
(Fan the flame!) Fan the flame!
(Baby, what's your name?) What's my name?
Baby, keep heating me up
Oh, no, don't you go cool me down (don't cool me down)
Baby, keep heating me up
Oh, no, don't you go cool me down (freak me now!)
Baby, keep heating me up
Oh, no, don't you go cool me down
Don't you go cool me down
Uh-uh, freak me now!
I'll be your F-R-E-A-K undercover
I'll be you L-O-V-E-R like no other
Like no other, like no other
I'll be your F-R-E-A-K undercover (oh, boy)
(Yeah-yeah!)
Baby, keep heating me up
Oh, no, don't you go cool me down (don't cool me down)
Baby, keep heating me up
Oh, no, don't you go cool me down (freak me now!)
Baby, keep heating me up
Oh, no, don't you go cool me down
Don't you go cool me down
Uh-uh, freak me now!
