

Jessie Ware, If You're Never Gonna Move (110%)

Know if you never gonna move, on my look
You?ll make me come to you
But I?m still dancing on my own, still dancing on my own
Although I?m coming into you
I?ll keep the dance alone
But I?m still dancing on my own, still dancing on my own
Won?t dance, not without you, small steps, they lead only to your heart
You keep me wishing in the dark
What?s wrong, you cannot loose,
My eyes only see to your heart
You keep me wishing in the dark

Know if you never gonna move, on my my look
You?ll make me come to you
But I?m still dancing on my own, still dancing on my own
Although I?m coming into you
I?ll keep the dance alone
But I?m still dancing on my own, still dancing on my own

I know you hear me but can you reach me
Feel free to touch me and we can play hard
With bodys jerking, but still I?m working
I?m new to moving, and we can play hard

Know if you never gonna move, on my my look
You?ll make me come to you
But I?m still dancing on my own, still dancing on my own
Although I?m coming into you
I?ll keep the dance alone
But I?m still dancing on my own, still dancing on my own

We can play hard, hard, hard /5x

Know if you never gonna move, on my my look
You?ll make me come to you
But I?m still dancing on my own, still dancing on my own
Although I?m coming into you
I?ll keep the dance alone
But I?m still dancing on my own, still dancing on my own
