

Jessy, What if

What if

CHORUS

What if it's you that I want

you that I need

Just tell me what I should do

So I can finally get my hands on you

-

I know you have just what it takes

to satisfy my crave

When your eyes meet mine

something happens I can't explain

-

A sudden feeling of desire coming over me

This physical attraction knocks me off my feet

-

You seduce me

you confuse me

I'm waiting 'till you'll make your move

Don't you need me like I need you

I don't know what to do

-

CHORUS (3x)

What if it's you that I want

you that I need

Just tell me what I should do

So I can finally get my hands on you

-

Your lips touched mine and the ground disappeared

from underneath my feet

I never imagined our hands would fit so perfectly

-

I'm feeling kind of strange

like nothing I've ever felt before

Could I be that much in love

it makes my body soar

-

You seduce me you

confuse me

I'm waiting 'till you make your move

don't you need me

like I need you

I don't know what to do

-

CHORUS (3x)

What if it's you that I want

you that I need

Just tell me what I should do

so I can finally get my hands on you
