Jester's Funeral, Jester's Flight

music by Stefan Schmidt & Bastian Emig, lyrics by Stefan Schmidt

My eyes meet the ground and still I see my world. A world I know so well that I can tell so many this Even when I'm gone I always will be there for you. Though I'm marching on I know what I'll be returned A look from high above makes me wonder why someone in this universe has been by my side for a From world to world I fly. As I got empires to raise. I fly away.
