

Jester's Funeral, Tomorrow

music by Stefan Schmidt & Bastian Emig, lyrics by Stefan Schmidt

I hear raindrops falling and I look out of my window. What do I see? A world drowned in wet security.
Still I do believe in a bright tomorrow. The faith I try to keep lives for a bright tomorrow. But in nights
I remember words and what they meant to me: "Seize the day" they said and clothed me
I look up to a cloudy sky. Yes, inside of me, there's great belief.
