

Jesu, Heart Ache

What's become of you?
you been false for some new thing

i hope for anything
but you believe there's nothing

how much can you take
how much can i take

you hope for everything
but really there's nothing

but really there's nothing (repeat)
but I believe there's nothing
but you believe there's nothing
but really there's nothing (repeat)

but really there's nothing (repeat)
