

# Jesus And Mary Chain, Drop-Re-Recorded

The way you drop  
Is like a stone  
Making out you're flying  
But you've just been thrown  
Till kingdom comes  
And through bitten tongues  
These eyes get stung  
With every curse that's sung  
These twisting times  
Can't compare to mine  
And heaven knows  
Where loving goes  
I should have guessed  
When I took that pill  
Do I love her still  
Was Jesus killed
