

# Jesus And Mary Chain, Hole

sung by Jim

written by Jim

This has been my prison

Got no high got no low

This has been religion

Took my heart killed my soul

All I want is a dream

Give me something to dream

Got myself in a scene

Don't know where I've been

All I want is a dream

Something naked and clean

Somebody give me a call

I'm climbing up on the wall

And I want it all

And I need it all

I can't get it

Took my heart and soul

Give them back to me
