

# Jesus And Mary Chain, Write Record Release Blues

If that phones keep ringing  
I'm gonna lose some cool  
I'm in my closet and I'm okay  
Leave me in peaceful abject misery  
I'm a young man now but  
There's an old man on my back  
As he gets stronger I get weak  
Someday soon he'll take the place of me  
If that scum keeps rising  
I'm gonna jump this ship  
Tell me where did it go wrong  
I can't fix it I'll just sing my song  
You can deride and mock me  
That's been done before  
I won't get on my knees for you  
I won't be a record business whore
