

# Jet, All You Have To Do

All you have to do  
All you have to do  
Aaaah

Oh the things you do  
Even the people you love  
Even the music you hate

Gone away  
There's nothing that you and I could change

Oh the things that you don't do  
Even the people you hate  
Even the music you love

Gone away  
There's nothing that you and I could change

All you have to do  
All you have to do  
Aaaah

Oh the times I tried  
Even the games that I played  
Even the people I lost

There gone away  
There's nothing that you and I could change

All you have to do  
Sha la la la la la la  
All you have to do  
Sha la la la la la la

All you have to do  
Sha la la la la la la  
All you have to do  
Sha la la la la la la

Aaaah  
All you have to do  
Sha la la la la la la  
Shine on  
All you have to do  
Sha la la la la la la  
Shine On  
Aahhhh  
Shine on  
All you have to do  
Sha la la la la la la  
Shine on

All you have to do  
Sha la la la la la la  
Shine on

Aaahhh  
All you have to do  
Sha la la la la la la  
Shine on

All you have to do  
Sha la la la la la la  
Shine on
