

Jet, Skin And Bones

I'm gonna ask you so ya understand
What you done with your time
Oh think it over baby
Just keep walkin' on
Until you find your man

Don't it feel so bad?
Well I'm used to that
Don't it feel so bad?
Get used to that

Baby, please don't go to far
I swear I love you
Just the way you are

[SOLO]
All this justice in my hands
And what you done with your time?
I could stand it if I just keep breathin' oh
What you done with your time?

Don't it feel so bad?
Well I'm used to that
Don't it feel so bad?
Get used to that

Don't push it baby
Please don't go to far
I swear I love you
Just the way you are
Oh skin and bones baby
Yes you are my star
I swear I love you
Just the way you are

Don't push it baby
Please don't go to far
I swear I love you
Just the way you are
Oh skin and bones baby
Yes you are my star
I swear I love you
Just the way you are
