

Jettie, Vessels Makes The Greatest Sounds

Honey you're safe,
you're safe when you've come this far
when you've sailed out the storm at last
"I'm far enough, & I'm not half a man
" You're not their coming down,
you are their coming strong
Grow, fight, you're becoming what you are.
Honey now
Start the war, become all the talk,
Honey now

So I'll be honest now
"just because we know
doesn't mean that we're all the show
" When we're told to be,
not allowed to see
Can you stop when I'm saying go
can you go when I'm saying no

Start the war,
becoming all the talk,
Honey now
Honey now
