

Jewel, A Very Big Girl

They say you're feeling charitable
And that she's just a homeless little girl
You say she needs counseling
She's on a track team
But I find it hard to believe
Because baby looks like a very big girl
You say she's harmless
I don't about that
She's just a kittycat to me
Looks like a very capable cat

What'cha say about that?
You say she's unattractive
She doesn't turn you on
But that expression on your face ain't exactly a yawn
You say she needs unenticing
But I find it hard to believe
Beacuse baby looks like a very big girl to me
Yeah that cupcake don't exactly look like no hostess to me
Cause baby looks like a very big girl to me
