

# Jewel, Fragile Heart

If u want my heart  
U have 2 promise not 2 tear it apart  
'Cause my heart  
Has been hurt a lot  
And it always seems  
Love is not sweet, like in dreams  
Something falls through  
But I don't want that 2 happen 2 me and u

[CHORUS]

So be  
Careful, warning  
Fragile heart

Last Saturday  
We ate dinner at your parents' place  
Last Saturday, u said  
How u feel will not go away  
Well, all the fishes in the sea  
Could not be happier than me

[CHORUS]

Only fools believe that  
Nothing changes, nothing leaves  
But I need 2 believe that we at least  
Will have some dignity  
'Cause everything changes  
Nothing stays the same  
But that's no excuse 2 be casual  
Or 2 place the blame  
U have 2 be careful with me

[CHORUS]
