

# Jewel, I Don't Care

Good-bye baby, I don't think I'll be seeing you again  
Good-bye baby, we'll say that we're still friends  
Even though I know I love nobody else  
And even though I know, I say to myself  
That this time I'm leaving and I now that we're through and I don't  
Love you  
And that I just don't care

I'm just so tired of being another statistic on tv  
The classic case of I love him, but he just don't love me

So this time I'm going to be the one to say it's the end  
This time I'm gonna be my own best friend  
And I'm going to save some love, some love for myself  
I'll kiss you all serious, it might help  
And that I just don't care

I don't care  
So many times, I tried to tell myself  
That this love would work, if I just gave up some more love for myself  
I believed if I just quite my crying, you'd start your trying, leave  
Your lying  
But I believe if I just walked away, I could say  
I don't care

Don't care

You were always the cool one, you stood by the backdoor  
You said &quot;you know, leaving sorta makes you look good&quot;  
But this time I swear it's the best you'll ever see of me

So this time I'm going to be the one to say it's the end  
This time I'm gonna be my own best friend  
And I'm going to save some love, some love for myself  
I'll (kiss you all serious in hell)? ? ?  
And that I just don't care

I don't care  
So many times, I tried to tell myself  
That this love would work, if I just gave up some more love for myself  
I believed if I just quite my crying, you'd start your trying, leave  
Your lying  
But I believe if I just walked away, I could say  
I don't care  
Don't care
