

# Jewel, I Thought I Saw You Last Night

I'm not easily scared by things that go bump in the night  
Theres not many things that give me a fright  
I can walk down a lonely block  
And not alot can make my old knees knock

But theres one thing that scares me the most  
Its when I think I see a ghost  
And I thought I saw you last night

Ive been lately thinking about oujia board  
And maybe contacting souls seated by the lord  
Cause all the shadows on my street  
Bring the sounds of shuffeling feet

But theres one thing that scares me the most  
Its when I think I see a ghost  
And I thought I saw you last night

Threw salt over my shoulder

I knocked on wood  
Dont step on cracks  
But it does no good  
I drink bourbon to calm my nerves  
Read an old book and chant some verse  
Hold hot coals in the middle of my fists  
Take advice from my exorcist  
Hallelujah hail mary  
Holy moly this is scary

For instance last night I went to a scary movie  
And I tried real hard not to let it get to me  
But I just kept looking over my shoulder  
The wind got hands and I got colder

But theres one thing that scares me the most  
Its when I think I see a ghost  
And I thought I saw you last night  
I'm not easily scared by things that go bump in the night
