

Jewel, Two Become One

I watch you while you're sleeping
Messy hair, chest bare
Moonlight on your skin
I wanna breathe you in
In the silence words come easy
I can tell you now just how simple it's been
To let you in
Don't move this mood is a painting
We'll never find the same thing

Love do not make a sound
Melt into me now
Two become one

Love is so close to hurting
With a shake we could wake
From our own dreaming
We must make a vow
'Cause I have waited a lifetime
Now is the right time

Love do not make a sound
Melt into me now
Two become one

Like a bird owns it's wings
Like song belongs to melody
You belong to me
I fold your arms around me
Let you flesh, your breath, your love surround me
Oh you feel like home

Love do not make a sound
Melt into me now
Two become one
Oh let's make time stand still
Let this moment last until
Two become one

Ooh ooh ooh ooh
Oohhhh
Become one [x2]
