

Jibe, Rewind

A memory, a photograph
A place in time
A moment passed away
I just miss your face
The picture says
That you've gone away
How I hope that you had stayed at home
And not gone in that day
And if you're all alone
And you need me
If I could turn the hands of time
I'd go back and rewind
To the days I spent with you

A memory held in my hand
My vision blurs
I'll never understand
Why you couldn't stay
The picture says
That you've gone away
You know I wish that you had stayed at home
And not gone in that day
And if you're all alone
And you need me
If I could turn the hands of time
I'd go back and rewind
To the days I spent with you
If I could see your face once more
I would wrap you up for sure and hold you
Never let you go

I'd never let you go

And if you're all alone
And you need me
Just close your eyes
And rewind

If I could turn the hands of time
I'd go back and rewind
To the days I spent with you
If I could see your face once more
I would wrap you up for sure and hold you
Never let you go
I'd never let you go
