

Jim Noir, Climb A Tree

Can you remember looking at the heights?
Knowing one of us if it took all night
And I wonder what you can see from up there
Do you remember when we had no cares?

Can you remember looking at the heights?
Knowing one of us if it took all night
And I wonder what you can see from up there
Do you remember when we had no cares?

Going to the top of tallest tree
I bet I can and I'll bet you I'll see
Further away than we've ever been before

Going to the top of tallest tree
I bet I can and I'll bet you I'll see
Further away than we've ever been before

Can you remember looking at the heights?
Knowing one of us if it took all night
And I wonder what you can see from up there
Do you remember when we had no cares?

Going to the top of tallest tree
I bet I can and I'll bet you I'll see
Further away than we've ever been before

Going to the top of tallest tree
I bet I can and I'll bet you I'll see
Further away than we've ever been before...
