

# Jim Reeves, I've Lived a Lot in My Time

I've lived a lot in my time (I've lived a lot in my time)

I once had a mansion and lived in my glory but now I'm down to my last dime

I had a sweetheart but I was unfaithful oh I've lived a lot in my time

I bought the green reaper down in the dark valley I prayed when the sun wouldn't shine

I've looked through the bars of a cold lonely prison oh I've lived a lot in my time

[ steel ]

I've been a soldier and I've been a rambler once thought that everything was fine

I've hold in the cornfields I've picked in the cotton yes I've lived a lot in my time

I've walked with our Master down in the dark valley and wonderful peace I did find

Someday I'll journey to heat and green pastures yes I've lived a lot in my time
