

# Jim Reeves, The Search Is Ended

I searched the wide world over  
For someone just like you  
I dreamed of finding love  
And today my dream came true.

The search is ended  
I found love today  
The search is ended  
True love came my way.

You said that you'd be mine  
Until the end of time  
It's a happy day, loves here to stay  
The search is ended.

--- Instrumental ---

The search is ended  
My wanderin' days is through  
We'll never lose it  
With love so good and true.

Together we shall be  
As happy as can be  
You're the perfect girl  
And I'll tell the world  
The search is ended.

--- Instrumental ---

The search is ended  
I found love today  
The search is ended  
True love came my way.

Together we shall be  
As happy as can be  
You're the perfect girl  
And I'll tell the world  
The search is ended.

The search is ended.  
The search is ended...
