

Jim Reeves, Where Do I Go to Throw a Picture A

I'm kissin' your picture goodbye and I hate to treat it this way
But you said to forget all that reminds me of you
So I must throw your picture away I must throw your picture away
How can I just cast aside a love that's in my heart to stay
Where do I go to throw a picture away where do I go to throw a picture away
[piano]
I know I won't forget all that reminds me of you
When I can look at your picture each day
It's a paper impression a most prized possession
Where do I go to throw a picture away where do I go to throw a picture away
How can I just cast aside...
