

Jimi Blue, The King Is Back

Chorus:

The king is back
hide your daughter
see this is not a test
oh yes I'm back once again
never left...I'm on attack

Verse1:

It's me ...I'm back
Ready to conquer the world - step by step
I got the stuff that you need
It's the first league ... I will succeed
I just won't top like a clock
and drop it hot
Don't you know ... that i'm bringin the heat -
I'm driving full speed
Don't you know i got the masterplan

Rap:

oh boy you know that the king is back
the haters fry at the burgers shack
got a bag full o ' beats
got the illest tracks
got your moms in the club
Boy how sick is that

Chorus repeat

Verse 2

Ready to go - don't you know-
build hits in a row
i drop the bomb- etter duck down
or you get smached by this song
i'm setting trends - I got beats
By mozart and friends
Don't you know that you can not stp me
i got the magic key
Don't you know i got the masterplan
