Jimi :

Buddy miles is goin' to do something he wrote called 'them changes'.

Buddy Miles:

Well my mind is goin' through them changes

I feel just like I'm in the time

Every time you see me goin' some where

I feel like I'm going out of my mind, yeah

Oh, my baby she left me the other day

And we were have so much fun yeah, yeah

Oh, my baby she stepped out on me

And that's the reason why she had to part

It's alright yeah yeah

It's alright

What I say

It's alright

Ooo hooo

Well my mind is goin' through them changes

I think I'm goin' out of my mind

Every time you see me goin' some where

I think I could commit a crime know

She had me runnin'

She had me cryin'

She had me runnin'

She had me had me had me cryin'

She had me runnin'

She had me cryin'

She had me runnin'

Had me cryin'

It's alright yeah yeah

It's alright

Clap your hands

Go clap your hands

Can you clap a little louder

It's alright

It's alright

Everything goin' to be alright

It's alright x5

Yeah, yeah, everybody yeah

Yeah x12

Oh no
